BERY AT PORTLAND, ORE.

Washington, July 1.—F. E. McMillan, chief inspector of the postoffice department, was today notified of the capture and arrest at Monroe, Mich., of Charles Stevens, alias Charles Savage, a negro, in connection with the recent robbery at Kansas City, Mo., of \$50,000, through a registered pouch of mail from Los Angeles to New York City.

The negro was identified by a photograph and officials of the postoffice department assume that he is the man wanted for the alleged robbery. A reward of \$3,000 was offered by the department for the arrest and conviction of the perpetrator. An inspector will be sent to Monroe, the negro, who is about 30 years of age, will be taken to Kansas City for trial. The mail pouch was stolen at the transfer point in Kansas City and has been already recovered. Stevens, it is said, served a sentence of six years for the robbery of mail at Salt Lake City and Portland, Ore., and once was arrested in connection with a \$10,000 diamond ring robbery at Portland, Ore.

Savage Did Time in Utah Pen and
Also in Oregon.

Portland, Ore., July 1.—Charles Savage, alias Stevens, is well known to the police and postoffice inspectors of this city. On November 18, 1907, while employed as a porter in the Portland hotel, Savage was alleged to have stolen \$10,000 worth of diamonds from the room of a guest and fled to Montreal, Canada, where he was apprehended on March 18, 1902, and being tried, was acquitted by a jury.

On receiving his liberty, Savage was rearrested and taken to Salt Lake City, where he was convicted of theft of a registered mail pouch and sentenced to three and a half years in the Utah penitentiary. On being released late in 1905, he was again rearrested and brought to Portland, where he was convicted of theft of a small pouch from a trunk at the Union depot in this city, committed in the summer of 1901, and he was sent to McNeill's island for three years. A few months ago he was released from prison.

Judge Parker Has Set of Reso-
lutions for the Denver
Convention.

NEW YORKERS START WEST

PAT MCCARREN TAKES PASSAGE
ON SAME TRAIN.

New York, July 1.—Former Judge Alton B. Parker, William F. Sheehan, and other delegates from New York, left this afternoon for Denver to attend the national Democratic convention.

On the day of former President Cleveland's funeral an informal conference of local United States senators was held at which it was agreed that upon the completion of the address of the temporary chairman of the national convention, a series of declarations commemorating Mr. Cleveland's relations with his party and country should be introduced. As a result of this Judge Parker will present the following:

The Resolutions.

"Before entering formally upon the special and important work for which this national convention of the Democratic party of the United States has been called, we take the earliest opportunity solemnly to express our grief over the death of Grover Cleveland. We record our profound appreciation of his lofty character, his commanding ability and his unflinching wisdom. We indulge in the just pride that his patriotic and unselfish services, rendered to his country in the time of necessity, was made possible as the representative and chosen candidate of the Democratic party in three of its national conventions. We mourn his loss the more because his great gifts of mind and heart, so cheerfully and so effectively devoted to service over a period of fifty-two years, are no longer to be at the command of his party and his country.

Example Complied.

"In thus giving expression to the keen sense of loss felt, without reference to political opinion, by our fellow citizens throughout the country, we recognize and commend his faithfulness at all times and under all circumstances to the settled traditions and policies of the Democratic party as exemplified by its declaration of principles, by its acts and by its ideals and utterances of all its great leaders from days of Thomas Jefferson to those of Samuel J. Tilden.

"Although Mr. Cleveland's important work was done and his greatest responsibility assumed in the execution of federal authorities, with heroic devotion to principle and with all the power of his great office and influence, the rights of state and local governments, he thus rendered effective service in assisting in maintaining the distribution of powers which so distinguished the political system bequeathed by the founders of the republic.

Respected the Courts.

"He respected the integrity of our courts and insisted upon strict enforcement of law that every honest man or interest might be protected and all offenders punished without fear or favor.

"On one hand, he consistently pressed upon his countrymen the necessity for a revision of our tariff laws which should strip away every vestige of favor, remove every excuse for monopoly and destroy every harbor in which privilege is wont to find shelter, while on the other hand he enforced that expenditure which he believed would eliminate corruption evened the playing field and brought extravagance against which his whole career was a protest.

Maintained Public Credit.

"He maintained the public credit and honor, stood firm as a rock in defense of sound principles of finance and resisted the dangerous economic doctrines and practices left by the Republican party as a heritage to our people. "Under his administration civil service reform was first redeemed from the region of pretension and became a reality.

"He took the Monroe doctrine out of the realm of dreams and made it a thing of life and power, which commands universal respect.

"He so insisted that official responsibility was his bounden duty and the inalienable right of our people, that his motto, 'A public office is a public trust' was the ruling principle of his life and a fitting epitaph for his monument.

"He preserved simplicity in living and character in time when ostentation, both public and private, not only

SUMMARY OF WEATHER CONDITIONS IN VARIOUS COUNTIES OF UTAH

Randolph, Rich.—With the exception of frosts on the nights of the 21st and 22d, unusually fine and warm weather prevailed throughout the week. Snowfall, Box Elder.—The forepart of the week was cold and stormy, with light frost on the 22d. Much warmer weather prevailed during the latter half.

Huntsville, Weber.—A slight shower occurred on the forenoon of the 22d, and a light frost on the 23d, otherwise dry and warm weather prevailed during the week.

Morgan, Morgan.—Thunderstorms occurred on the 22d and 25th. Frost caused some damage in parts of the county on the 23d. Clear weather prevailed.

Layton, Davis.—Fine weather prevailed throughout the week, with a few quite warm days. Rockport, Summit.—The week opened with cool weather. Damaging frost occurred on the night of the 22d. Warm and clear weather prevailed during the latter part.

Salt Lake City, Salt Lake.—Moderate temperature prevailed during the week, though it averaged considerably below the normal. A light shower occurred on the 22d. Clear weather and abundant sunshine was general.—Local office, weather bureau.

Government Creek, Tooele.—Very pleasant weather prevailed during the week.

seemed to be a necessity, but had been raised to the rank of virtue.

"Recognizing those commanding achievements of the only Democratic president inducted into office since 1857, and that his life and career have so strikingly illustrated the fundamental principle of our party, the possibilities of our organization and the strength of our Republican institutions, we hereby direct the officers of this convention to transmit by telephone to Mrs. Cleveland, in Princeton, N. J., this expression of our pride.

"We further request the Democratic members of the senate and the house of representatives to take steps toward the erection in Washington at the earliest day possible, of an adequate national monument to commemorate the services of Grover Cleveland.

"It is still further resolved, that in respect for the memory for this great leader of the Democratic party, the delegates shall immediately stand adjourned until 10 o'clock on Wednesday, July 8, 1908."

Started for Denver.

A large number of Tammany men were at the Grand Central depot today when the Denver delegation started for the city. The Tammany delegation had a special car attached to the twentieth century limited. Charles F. Murphy, Lewis Nixon and Martin W. Littleton were in the car. Patrick H. McCarren, whose delegate convention was unopposed, was on the same train.

He will contest the seat of the Brooklyn delegates to Denver elected by the state convention.

D. Collazo, delegate from Porto Rico, was also on the train. He said he would support Bryan. Senator McCarren said he was going on in advance of the delegation "to see how the land lies." He added:

Hopes to Be Seated.

"I expect to urge the rights of the regular delegates to Denver to be seated upon the national committee and upon the committee on contests if necessary. I have a very strong hope that I will win the contest, but I have no doubt of the right of the situation on our side. Our contests will be different in most respects from those which have been made at other conventions in that our opponents have never claimed seriously that their delegates were elected at the primaries. If they have to base their claim upon the snap action of a committee, which was controlled by two men."

The McCarren delegation to the Democratic national convention will leave Brooklyn Sunday of this week. It is expected that the party will number more than a hundred persons.

SUNDAY DROUTH IN COUNTY

Resorts in Canyon Must Not Sell
Liquor and Weiberies Must
Go Drunkless.

The reform movement in Ogden since last fall is now spread to Weber county and the indications are that those who have been accustomed to going to the canyon for a cold bottle and a warm bird will hereafter have to take the bird without the bottle. County Attorney N. J. Harris, now seeking the nomination for district attorney on the Republican ticket, is the latest man to become allied with the reform movement. During last week he issued instructions to Sheriff B. R. Wilson to have his men see that there were no saloons in Ogden, and that the law at the resorts in Ogden canyon. He asserts that if there are any violations he will prosecute the offenders to the full extent of the law.

The county attorney does not pose as a reformer, but says that reports have reached him that there are violations of the law at the canyon resorts and that he proposes to prevent anything of the sort in the future. Further in support of his stand it is argued that many persons unable to get a drink in the city go to the canyon, where they drink to excess. Many of these persons, after drinking a little grow decidedly careless, making it dangerous for anyone to drive along the canyon road.

Outside the city the last place where people from Ogden could get liquors on Sunday. First Mayor Brewer closed the saloons in Ogden when the Hot Springs did a rushing business, but a short time later the management decided to close the bar on Sundays. It was up to the canyon then, and now this, too, is to be a thing of the past, leaving not only Ogden dry on Sunday, but Weber county as well.

BURGLARS WIN HOT RACE

S. W. Stewart Chases Them With a
Knife and Makes Them
Swear.

Two burglars were the winners in an exciting handicap pursuit race at the residence of S. W. Stewart, 35 East First North street, late last night. Mr. Stewart heard the burglars trying to get in basement window and rushed forth, but the burglars had already slipped inside. He first and led by thirty feet in the race that followed. Mr. Stewart was unable to use his pocket knife, but he lunged, so he picked up some rocks and threw them at the fugitives. It is evident that he hit at least one of the burglars with a rock, for after he threw it he immediately heard an immense amount of cursing, though neither of the men stopped. Patrolmen Gillespie and Griffin, who were sent to investigate after Stewart gave up the chase, are now looking for two men, one of whom can be identified by the possession of a liberal vocabulary of oaths.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32-34 Main street, \$3.50 per year and upwards.

Nothing left further to do, the state board applied to Attorney General M. A. Bresden yesterday for assistance. The attorney general will leave today on a trip of investigation. If he finds facts which he deems sufficient to warrant the beginning of proceedings, he will cause to be filed in the Sixth judicial district complaints against the persons whom the state holds responsible for the maintenance of the menage.
